

Inadequate staffing?

An unsafe workload?

Document it with a Professional Responsibility Complaint!

Documenting unsafe conditions for patients with a PRC form gives you and your Local the evidence you need to push for improvements. When you encounter an unsafe situation, you have a professional responsibility to report it. Using PRC is a good way to be sure your concern gets heard.

It is your Local Professional Responsibility Committee that compiles and uses the PRCs!

FILE YOUR PRC WITH YOUR LOCAL.

CONTACT YOUR LOCAL EXECUTIVE FOR MORE INFORMATION.
